

STUDY GUIDE

Exposing the Luciferian Scheme: The Battle for Our Genetics, Health, and Redemption

I. Introduction

A. Dr. Scott Oatsvall:

1. Certified transformation health coach, cellular health scientist.
 - a. Medical and scientific training.
 - b. His work in the last 10 years focuses on genetic and epigenetic research.
 - c. Work in his clinic involves reversal and chronic illness and disease using bioenergetic feedback, frequency and vibration, nutritional profiling and DNA mapping.
2. Passion to help people get healthy at the cellular level and live a healthy lifestyle.
3. Founded Life Transformation 360 (LT360 for short), a cellular health and all-natural health care company designed to education and coach people how to achieve total health—mind, body, and spirit.
4. Founders of 147 team ministries that serve underprivileged, vulnerable, and at-risk children locally and around the world.

B. Purpose: To inform the Church about:

1. The Nephilim, the Luciferian people's agenda, the Seed Wars and what that means.
2. God's plans for the devil's plans!
3. Condemnation without investigation will keep you in a state of ignorance.
"My people perish for a lack of knowledge."

II. Is God Really Merciful, Forgiving, All-Caring, Compassionate?

- A. God's Old Testament directives to kill all men, women, children, and animals were due to corruption of the bloodlines on Planet Earth, not vindictiveness. That destroyed His plan for the earth.
- B. When Jesus' disciples asked how they would know when He was coming back for them, what the indicators were, He said, *"As it was in the days of Noah, so shall the coming of the Son of Man be."*
 1. We, the Church, have no idea what the days of Noah were all about.
 2. Most pastors are either ignorant of the supernatural or don't have the equipping, understanding of Old Testament prophecy, to teach about it.
 3. Test and prove these things by the Spirit. That's Biblical. Challenge what he says. Test it, making sure it lines up with Scripture.
- C. The days of Noah:
 1. Transhumanism.
 2. The creation of hybrid humans.
 3. Advanced technology.
 4. A massive increase in evil activity.
 5. The arrival of Nimrod and the renewed rebellion and hostility toward God, the corruption of God's creation, the international portals like the Tower of Babel, the worship of gods other than Yahweh.
 6. Men were thinking of themselves as gods.
- D. Today:

1. The corruption of God's creation: Hybridization, gene wars, DNA wars, the manipulation of the genetic genome.
2. The worship of other gods.
3. Men thinking of themselves as God.
4. For more information, read ***The Seed Wars***, by Dr. Scott Oatsvall and Dr. Greg Hood, which exposes the Nephilim agenda in the earth.

III. What Happens Today

- A. Klaus Schwab (Yuval Noah Harari) spoke at the World Economic Forum in 2018.

In his speech entitled "Will the Future be Human?" here's what he said:

"We are human, probably the last generation of homosapiens within a century. Earth will be dominated with entities that are more different than we are from chimpanzees. In the coming generations, we will engineer bodies, brains, and minds, and this will be the product of the 21st century economy. Not vehicles, not textiles, but bodies, brains, and minds."

1. Purpose: to defile the human genome with a hybrid breeding program and advance transhumanism.
 2. In 2010, geneticist Craig Venter officially created the first synthetic form of life, CRISPR technology—a gene-editing software that alters the genus code of life.
 3. Scientists have been working on genetic hybridization and chimera cloning of a biological entity or biological creature for a long time. Dolly the Sheep was one of the first clonings.
 4. Scientists can now engineer and create and alter life, thus bypassing God.
- B. Fact: Moderna calls their Covid-19 shot an *operating system*.
1. Anything that can be done to a rat in a laboratory can also be done to a human.

2. God's prophecy to the serpent meant He was putting enmity between the serpent's seed and the seed of the woman (Messiah Jesus). (Genesis 3)
 - a. It was obvious Satan failed when Jesus showed up, died, and rose again. He'd intended to keep Jesus from fulfilling His mission.
 - b. Satan is trying to buy time by taking as many people to hell with him as possible. He wants to destroy everything God loves the most: you and me.

IV. Satan's Plan for Humanity

- A. Genesis 6 is where the Seed Wars began.
 1. Satan lays down landmines to destroy God's plan for the earth and for humanity.
 2. As humanity began to multiply, "sons of God" (*Benehi Elohim*) saw the daughters of men were beautiful and mated with whichever ones they chose.
 - a. The Nephilim: Greek word "*nafall*," means to fall away, to be cast out, to be thrown aside.
 - b. "And afterwards" they were on the earth in the anti-Diluvian world, mighty men of old. **Angelic beings were putting on a physical form**, an illegal act against God, by taking wives from the sons of Adam, basically creating a hybrid race of humans.
- B. "Sons of God" were fallen angels, according to early Church and secular writings of the day. **They'd created an illegal act against God**, created chaos in the world, destroying not only the human family but the animal kingdom as well—hybrids of all kinds.
- C. How angels can reproduce with human women:
 1. In scripture, angels accompanied God with Abraham. They can eat and they can be touched, so they had a physical form.
 2. God said, "To whom I give a body, I give seed."

3. In 2 Peter 2, angels committed sins against strange flesh. (In Sodom and Gomorrah, for instance, the men wanted to have sex with angels.)
 4. Angels left their position to come and create an illegal act against God.
- D. When Moses sent Caleb, Joshua and other spies into Canaan to spy out the land, they came back with the report that there were giants (Nephilim) in the land.
1. Nephilim really restarted in the land of Canaan after the flood. (Angels came back and did it again!)
 2. Amos 2:9 said “*they were as big as the cedars of Lebanon.*” (Cedars of Lebanon are 35 feet tall and go up from there.)
 3. God wasn’t telling the Israelites to kill humans, **he was telling them to kill hybrids**—Nephilim, the giants. He was protecting humanity.
 4. Noah was “perfect in all his generations.” The ancient Hebrew word for “generations” was “genetics.” **His bloodline wasn’t tainted with the Nephilim bloodline and Satan’s hybrid breeding program.**
 5. That’s why God locked those eight people in the boat. And God *brought* the animals to the boat, two by two—He knew which ones were pure and which had been hybridized.
- E. The Sethite theory of where the Nephilim came from:
1. This theory is taught in seminaries and doesn’t hold water.
 2. The godly line of Seth, even if they married into Cain’s line, doesn’t account for the genetic modification that creates a superhuman, or a giant (Nephilim).
- F. Dr. Scott sees devastation every single day in his clinic, largely due to the “vaccine” therapy shot that was rolled out without safety testing. It’s part of the Nephilim agenda, which is there to defile the human genome.
- G. Technology was more advanced back then than it is today. Our best scientists and structural engineers still haven’t figured out how pyramids were built.
- H. Global titans of government are of the Nephilim spirit:

1. They're already planning the next pandemic and they have authority over all of our lives.
2. Arts, sports, entertainment, big tech, big pharma, big ad is controlled by a Nephilim spirit.
3. God said in Deuteronomy 32 that He has divided the nations and He has set the boundaries according to the number of the "sons of God." (English translations change that term to "sons of Israel," but that changes the context.)
4. "Sons of God" is *Benehi Elohim*, used six times in the Old Testament and six times in the New Testament. **It always refers to a direct creation of God** (fallen angels and angelic beings).
5. When God divided up the nations, He set the boundaries according to the number of angelic beings, giving them authority over the nations.

V. Conclusion

- A. This is not a time to live in fear of the future.
- B. God puts us here on this earth for such a time as this, to be a *warrior*. We are still fighting giants today, things which are trying to defile us and keep us in a state of unrighteousness.
- C. If we are in a state of unrighteousness, of defilement and of fear, we can't fulfill our God-given assignment in the earth. It's hard to be all that God intends for us to be if we're living in fear.

"Fear not. God did not give us a spirit of fear but a spirit of power and of love and of a sound mind."

- D. You can't have a sound mind if you live in fear.
- E. Stand up and take your position. Take your authority in Christ.
- F. Be firm, be empathetic, be bold, be brave, be moral, be physically aware, be sexually aware, be spiritually aware, and be good to yourself.
- G. We've got to take a stand right now, face the giants, and fight the giants that are in front of us so they don't overtake the land.
